

UNIMIG 498 R.A.

WATER COOLED

ENG • Three-phase industrial MIG welding units on wheels, equipped with 4 rolls separate wire feeder. They are all equipped with 5m interconnecting cable, euro connection torch, Gas regulator, gas hose, ground cable and clamp. They are equipped with timer for spot welding and with welding current and arc voltage displays. These professional units are fitted with manual (2T) and automatic (4T) welding selector, slope up ramp and burn back time adjustment feature. Well suited for medium sized industrial welding workshop. The reel holder will accept spools from 5 to 15 Kg.

IT • Saldatrici industriali a filo continuo trifase carrellate, corredate di trainafilo separato 4 rulli. Le saldatrici sono corredate di fascio cavi 5m, torcia - attacco euro, riduttore di pressione, tubo gas, pinza e cavo di massa. Sono dotate di timer per la saldatura a punti e di display per la visualizzazione della corrente di saldatura e della tensione d'arco. Dotate di selettore per saldatura manuale (2T) e automatica (4T), regolatore della rampa di partenza e del tempo di post bruciatura. Impianti particolarmente adatti nelle medie carpenterie ed industrie. Il porta bobine consente di utilizzare bobine da 5 a 15 Kg.
