SOVICO (Monza Brianza)

SANDRIGO (Vicenza)

From 1975 to the present day, the story of Helvi S.p.A. is that of an Italian company with a strong international dimension, pursued throughout its growth, from its foundation to its entry into the Beta Group.

Helvi S.p.A. produces industrial welding machines, plasma cutting machines, professional battery chargers and accessories. The headquarter is in Sandrigo, in the province of Vicenza, and today employs more than 80 people, with a turnover of about 15 million euros developed more than 70 percent abroad.

In 2023 it became part of the Beta Group, Europe's leading manufacturer of tools and work equipment for specialists in mechanical engineering, industrial maintenance and auto repair.

Reliability is the key factor in our success: those who choose Helvi finds it in our people and in every welding machine, plasma cutting machine or professional battery charger.

Every component is chosen and tested down to the smallest details, so that they combine perfectly in products designed to guarantee the best performance according to high quality standards.

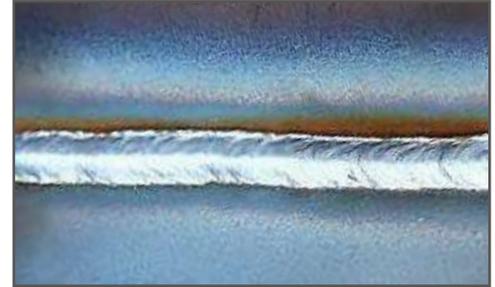

SPECIAL WELDING PROCESSES

PULSED

MIG · Pulsed welding provides precise control over droplet detachment in MIG/MAG welding. Thanks to advanced electronics, the current can be modulated to accurately regulate the transfer of molten metal droplets. This minimizes spatter, ensuring clean and uniform weld beads, even on very thin materials.

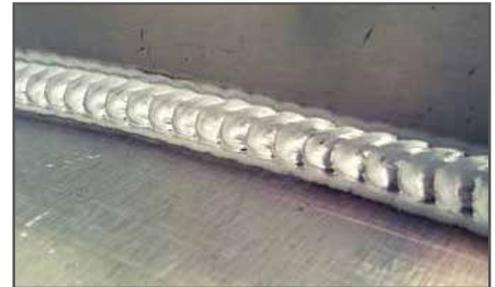

- Absence of metal projections and spatter
- No blowholes or porosity
- Reduced rework
- Ease of use

DOUBLE PULSED

MIG · With double pulse, you have a versatile and powerful tool for MIG/MAG welding. Thanks to the superimposition of a second pulse, you can precisely control heat input, drastically reducing distortion and improving weld bead appearance. By adjusting the machine parameters, it can also facilitate welding in difficult positions or on thin materials.

- Lower heat input
- Superior aesthetics and quality
- Ideal for vertical uphill welding
- Ideal for stainless steel and aluminum

ROOT WELDING

MIG · Root Welding technology has revolutionized root pass welding, overcoming the traditional limitations of TIG. Thanks to precise control, doubled execution speed, and high weld bead quality, Root Welding allows a significant reduction in production costs while substantially increasing productivity.

- Reduced rework
- Reduced distortion
- Ease of use
- Improved edge fusion in uphill and downhill welding

SPEED SPOT

MIG · The Speed Spot function optimizes the MIG welding process, allowing high-quality spot welds on a wide range of metallic materials. Thanks to precise control of welding parameters, Speed Spot ensures higher speed, improved repeatability, and reduced imperfections.

- Higher execution speed
- Ease of use
- Superior aesthetics and quality

ABC BLOCK

TIG · The ABC Block function is an automatic current lock system that protects the tungsten electrode from sticking, ensuring optimal preservation of the electrode tip.

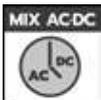

- **Reduced preparation time**
- **Easier re-ignition**
- **Lower tungsten wear**

CORE START

TIG · Controlled arc oscillation allows precise and reliable spot welds on thin materials, minimizing the risk of burn-through and deformation. This innovative technology enables controlled movement of the molten material, accelerating fusion and significantly reducing spot welding time.

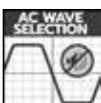

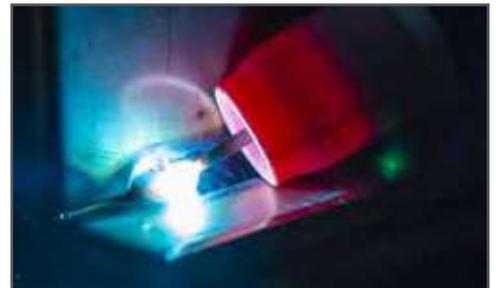

- **Reduced workpiece distortion**
- **Higher productivity**
- **Reduced heat input**
- **Higher quality**

MIX AC-DC

TIG · The MIX AC-DC function provides precise and customized control of AC TIG welding by combining the advantages of alternating current and direct current. This innovative technology enhances performance in applications involving significant thicknesses. MIX AC-DC technology combines the benefits of alternating current (cleaning action) and direct current (deep penetration), offering unprecedented flexibility in AC TIG welding.

- **Improved control in Pulsed TIG welding**
- **Superior aesthetics and quality**
- **Advantages of both AC and DC welding**

AC WAVE SELECTION

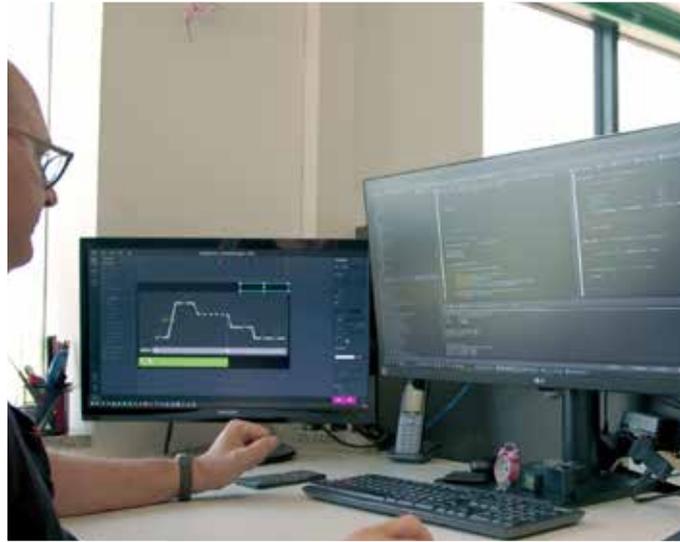

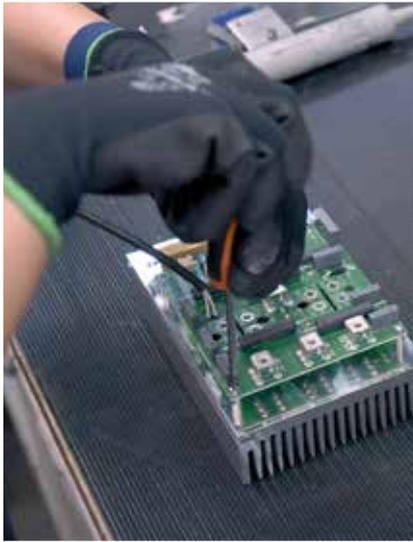

TIG · The AC Wave Selection, or AC waveform selection, is a function that allows the operator to choose between different alternating current (AC) waveforms during the welding process. This selection directly influences the quality and characteristics of the welded joint, especially for materials such as aluminum and magnesium that tend to form a surface oxide layer..

Types of Waveforms:

- **Sinusoidal:** The most common waveform, offering a good combination of cleaning action and penetration, with low arc noise.
- **Square:** Delivers high energy to the workpiece, increasing penetration and execution speed.
- **Triangular:** Delivers lower energy to the workpiece and is ideal for materials or alloys with a low melting point.

- **AC welding customization**
- **Superior aesthetics and quality**
- **Higher quality**

Protective clothing against heat risks designed specifically for welding.

Made of 100% cotton with permanent treatment PROBAN® flame retardant.

Materials: 100% cotton, weight 340 g/m², FL PROBAN® permanent treatment

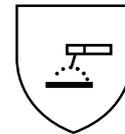

Performance was checked after 50 cycles of washing and are still certified the same.

PROBAN® is a technological process of controlled quality which provides fabrics with flame retardant properties suitable for long term use.

PROBAN® fabrics resist regeneration / recycling and dry cleaning processes. Protection against heat risks in different work environments is guaranteed for a long time.

Airflow	250 m³/h
Extraction capacity	110 m³/h
Filter type	3 stages filter
Filtration efficiency	99%
Noise level	80 dB
Dimensions (LxWxH)	520x255x470 mm (without arm)
Box (LxWxH)	800x600x450 mm
Weight gross/net	20 Kg
Part number	99900320

MFE · Mobile fume extractor

Input voltage	1ph · 230V 50Hz
Motor power	1,1 KW
Airflow	2500 m³/h
Extraction capacity	1100 m³/h
Filter type	3 stages filter
Filtration stages	3
Filtration efficiency	E12 > 99,5 %
Superficie filtrante	14,5 m²
Noise level	73 dB
Dimensions (LxWxH)	1010x520x920 mm
Box (LxWxH)	1150x550x1050 mm
Weight gross/net	85 Kg
Part number	99900321

MFE HD · Mobile fume extractor

Input voltage	1ph · 230V 50Hz
Motor power	1,1 KW
Airflow	2500 m³/h
Extraction capacity	1100 m³/h
Filter type	3 stages filter
Filtration stages	3
Filtration efficiency	E12 > 99,5 %
Superficie filtrante	14,5 m²
Noise level	73 dB
Dimensions (LxWxH)	600x800x1200 mm
Box (LxWxH)	660x840x1380 mm
Weight gross/net	105 Kg
Part number	99900322

3 STAGES FILTER (PFE)

- 1 ANTI-SPARKS METALLIC FILTER
- 2 FILTER CARTRIDGE - Efficiency 99%
- 3 CARBON FILTER

SPARE PARTS

1	99900242	Dimensions: 240x337x12 mm
2	99900243	Dimensions: Ø 195mm · L=28 mm
3	99900244	Dimensions: 240x292 mm

3 STAGES HEPA FILTER (MFE · MFE HD)

- 1 **METALLIC FILTER CELL + CORRUGATED**
 Material: Aluminum fiber
 Regeneration: Yes, washable
 Material: Polyester fiber
 Regeneration: Yes, by shacking
- 2 **RIGID HEPA GLASS MICROFIBER POCKET FILTER**
 Material: Glass fiber E12
 Regeneration: NO (needs replacement)

MFE SPARE PARTS

1	99900305	Dimensions: 490x592x48 mm
2	99900238	Dimensions: 490x592x48 mm

OPTIONAL

NEW 99900329 Spark arresting filter Atmospark160

MFE HD SPARE PARTS

1	99900306	Dimensions: 490x592x98 mm
2	99900238	Dimensions: 490x592x98 mm

OPTIONAL

NEW 99900241 **CARBON FILTER 10 Kg**
 Dimensions: 292x648x48 mm
NEW 99900329 Spark arresting filter Atmospark160

FEATURES LEGEND

	European conformity		Regulation of energy efficiency		Fan on demand
	USB connector		Unstable line voltage compensation		No-load voltage reduction
	Constant current / constant voltage		System that allows reduction of electricity consumption		Possibility of use with power generators
	Save & Recall function		Optional remote control		Simplified welding parameter setup
	LCD Display		50 mm ² connection		Display for parameter visualization
	Suitable for heavy duty		Display touch screen		IPS technology display
	Silenced cooling system		Spool compartment LED		
	MMA electrode welding		Arc Force function with adjustable parameters		Arc Force function (avoids electrode sticking during welding)
	Hot start function (Makes starting the arc easier)		Adjustable Arc Force parameters		Hot Start function with adjustable parameters
	Rutile and Basic electrodes		Cellulosic and Aluminium electrodes		
	TIG welding		Lift Arc ignition (contact start)		HF TIG ignition (non-contact)
	TIG Pulse		Possibility to set all TIG parameters		TIG spot welding function
	Easy/advanced TIG settings		Controlled welding arc for thin thickness		for saving the electrode sharpness
	Automatic current interruption in case of contact		AC/DC in TIG welding		Mixing AC/DC
	AC wave selection		Quick spot weld		

FEATURES LEGEND

 MIG	MIG/MAG welding	 SYNERGIC	Synergic parameter adjustment	 GAS / NO GAS	MIG welding Gas / no Gas (flux core)
 SPOOL WIRE 1.5 Kg	Spool wire capacity of 1 to 5 kg max	 METALLIC 2 ROLLS	2 rolls metallic wire feeder	 METALLIC 4 ROLLS	4 rolls metallic wire feeder
 ROOT WELDING	MIG welding with Root Welding process	 SWISS FEED 4 ROLLS	Metallic wire feeder Swiss Feed 4 rolls	 PULSE	MIG Pulse welding
 DOUBLE PULSE	MIG Double pulse welding	 2T - 4T	2T / 4T MIG welding	 B.B.T.	Burn back time
 SLOPE of the table	Slope	 SPEED	Easy spot MIG		
 PLASMA	Plasma cutting	 PNEUMATIC	Pneumatic torch	 HFIT	HFIT torch connection
 GRID CUTTING	Grid cutting	 GOUGING	Gouging	 CNC	CNC cutting robot interface
 AIR CHECK CONTROL	Air flow control				
 FUME EXTRACTOR	Fume extractors	 DIGITAL CONTROL	Digital control panel	 3 STAGE	3 stages filter
 3 STAGE HEPA	3 stages HEPA filter	 ACTIVATED CARBON	Activated carbon filter	 ARM 360°	Rotating arm 360°

TRADING TERMS & CONDITIONS

Art 1 Contract formation.

Any order from the Buyer shall be binding for HELVI SPA, only when accepted in writing by HELVI SPA itself.

HELVI SPA shall have the right to refuse any amendment requested by the Buyer. Unless otherwise agreed in writing, HELVI SPA shall not accept any cancellation of orders.

Art 2 Characteristics of the Products

Catalogues, price lists or other advertising matters are only an indication of the type of products and no prices or other particulars contained herein shall be binding for HELVI SPA. Any information or data relating to technical features and/or specifications of the Products contained in dépliant, price lists, catalogues and similar documents shall be binding only to the extent they are expressly referred to in the contract. All information given in price lists and catalogues or any literature are supplied by HELVI SPA in good faith; however, whilst every effort has been made to ensure that the information is correct, HELVI SPA does not accept any responsibility for errors which may have inadvertently been made. Designs and drawings of machines, wiring diagrams, manuals and graphics and marketing materials are HELVI SPA's property and no one can alter, modify or copy them. At any time, HELVI SPA shall have the right to make any change to the products which appear to be necessary or suitable. The Buyer shall have no right to indemnities or other remedies for such modifications.

Art 3 Prices.

HELVI SPA shall have the right to increase prices, by prior notice, in accordance to any change of cost of raw materials and labour which may take place between the date of order and the delivery. Unless otherwise agreed, the prices indicated in the quotations and in the contract are EX WORKS Sandrigo (Vicenza-Italy) and include only the packing costs for each single Product. It is agreed that any other cost or charge relating to any other kind of packaging, including customised packaging, shall be for the account of the Buyer.

Art 4 Payment conditions.

All payments must be made, for the exact amount applied without any deductions and clear of any charges, directly to the head office of HELVI SPA in Sandrigo (Vicenza – Italy), according to the payment conditions agreed upon each time. In addition to the other remedies permitted under the applicable laws, in case of late payment HELVI SPA shall have the right, at its own discretion, to charge delay interests at the current legal rate plus seven per cent, plus cashing, banking and legal expenses. Delay interests shall be due, from due date to the payment without any formal requests. Unless otherwise agreed in writing, any expenses or bank commissions due with respect to the payment shall be for the Buyer's account.

Art 5 Retention of title.

a) It is agreed that the Products delivered remain HELVI SPA' property until complete payment is received by HELVI SPA. b) The Buyer shall have, according to article 5 a) hereabove, the right to sell the Products, and any new product in which the Products have been converted into other products, in the ordinary course of business on the understanding that the proceeds of any such sale shall belong to HELVI SPA to whom the Buyer shall account such proceeds up to the concurrence of the full price due by the Buyer to HELVI SPA for the supply of the Products. c) HELVI SPA shall have the right at any time to revoke the Buyer's right of sale by written notice to the Buyer, if the Buyer is in default in respect of payment of any sum due to HELVI SPA for longer than 7 (seven) working days (whether in respect of Products or other goods or services supplied by HELVI SPA to the Buyer for any other reason whatsoever). d) On termination of the Buyer's right of sale in accordance with the foregoing conditions, the Buyer must place the Products at the disposal of HELVI SPA who shall have the right to enter upon the Buyer's premises for the purpose of removing the Products. e) The Buyer shall act as a bailee and the Products shall be on its responsibility, according to the articles 1766 and following of Italian Civil Code, until the complete payment is received by HELVI SPA.

Art 6 Terms of delivery.

Shipments are made carriage paid, using transport means chosen by the Company for net orders exceeding €600.00.* For orders below €600.00, a shipping fee will be charged as follows: Fixed fee of €10.00 for orders up to €199.99, 3.50% fee on the order value from €200.00 to €599.99. Packaging is free of charge unless special packaging is requested. The transfer of risk related to the products occurs upon delivery to the Carrier: consequently, the products travel at the buyer's own risk, even in the case of carriage-paid shipments. *Except for ADR shipments (14L Gas Cylinders)

Art 7 Complaints

Any complaints relating to packing, quantity, number or exterior features of the products, including transport damages (apparent defects), must be notified to HELVI SPA by a written notice within eight days from receipt of the Products; failing such a notification, the Buyer's right to claim the above defects will be forfeited. It is agreed that any complaints or objections do not entitle the Buyer to suspend or to delay payment of the Products as well as payment of any other supply. HELVI SPA shall not accept any return without HELVI SPA's prior written authorization. Any return of Products not authorized by HELVI SPA shall be shipped back to the Buyer at the Buyer's charge.

Art 8 Delivery times.

Any date quoted in orders confirmations for delivery of the Products is approximate. In the event of delay, no liability, order cancellation nor penalty shall be accepted by HELVI SPA. HELVI SPA shall endeavour to complete the contract and/or deliver the Products within the time agreed (if any) but it shall not be liable for any loss or damage of any kind whatsoever caused directly or indirectly by any delay in the completion of the contract or delivery of the Products. Any delay caused by force majeure or by acts or omissions of the Buyer (e.g. the lack of indications which are necessary for the supply of the Products), shall not be considered as a delay on HELVI SPA's responsibility. If the Buyer fails to make any payment on the time and in the manner specified by HELVI SPA or becomes insolvent or bankrupt or makes composition with its creditors or has a receiver appointed or passes a resolution for winding up, HELVI SPA shall have, at its own discretion, the right to suspend or cancel further deliveries, to request advanced payments or guarantees.

Art 9 Force majeure.

Either party shall have the right to suspend performance of its contractual obligations when such performance becomes impossible or unduly burdensome because of unforeseeable events beyond its control, such as strikes, boycotts, lock-outs, fires, war (either declared or not), civil war, riots, revolutions, requisitions, embargo, energy black-outs, delay in delivery of components or raw materials.

Art 10 Warranty.

HELVI SPA undertakes to remedy any defects, lack of quality or non-conformity of the Products for which it is liable, occurring within the warranty terms, provided such defects have been timely notified in accordance with art. 7. HELVI SPA at its sole discretion may choose whether to repair, replace or refund (totally or partially) the products found to be defective. The guarantee will be valid only if the product is accompanied by an invoice or receipt proving the date of sale with the serial number indicated in writing in the sales document. In the event that it cannot be demonstrated with an invoice or receipt, HELVI SPA reserves the right to apply the standard guarantee of 24 months from the date of the HELVI SPA sales document to the dealer.

WARRANTY TIME PERIODS

36 MONTHS	24 MONTHS	
Transformers Chokes	Rectifiers	Power PCBs Control PCBs
12 MONTHS		
Cooling system Water pump Switches	Contactors Gas valves Mechanical parts	Remote controls Fan motors Wire drive motors Welding masks

WHAT IS NOT COVERED UNDER THIS WARRANTY:

- consumable parts, for instance contact tips, nozzles, welding cables, ground clamps, electrode holders, cable assemblies, wire spools, drive rolls, etc.;
- parts that fail due to normal wear;
- TIG, MIG and PLASMA torches;
- Input cables;
- Gas regulator;
- On-site intervention costs, damage from non-production;
- Products failed due to transport damages, abnormal working conditions, failure to follow HELVI SPA instructions, negligence, lack of maintenance, abnormal or unsuitable supply of electricity, misuse, tampering, alteration and/or repair of the products without HELVI SPA authorization.

WARRANTY EXCLUSIONS

The following cases are excluded from the guarantee and immediately invalidate the validity:

- The warranty will expire if the product has exceeded 36 months of storage;
- Breakages due to incorrect use or neglect;
- Transport damage;
- Wrong connection to the electrical network;
- Overvoltage or undervoltage due to the electricity grid
- Overvoltage or undervoltage due to underpowered, un-stabilized, too old or incorrectly used motor-generators;
- Tampering or Repairs performed by not authorized personnel;
- Removal of labels;
- Failure to pay an instalment or product invoice.

RETURN AUTHORIZATION

The buyer must contact the retailer from whom he purchased the Product or the nearest authorized service center (www.helvi.com), presenting it accompanied by the necessary documentation:

- Legible copy of the invoice or purchase receipt (proving the sales data with the serial number indicated in writing in the sales document).

Failing this documentation the warranty shall be void. In case that the retailer is not available, the buyer can forward the warranty claim directly to:

HELVI SPA.

V.le G. Galilei 123, 36066 Sandrigo (VI), Italy
service@helvi.com Ph: +39 0444 666999 Fax: +39 0444 750070

HELVI SPA shall not accept any return without HELVI SPA's prior written authorization. In case of unauthorized returns, HELVI SPA reserves the right to charge a handling fee of 40,00€. If a returned product is found not to be defective, HELVI SPA reserves the right to charge the labour cost of 50,00€/hour for the fault investigation. The warranty is EX WORKS (Incoterms® 2020), Sandrigo (Vicenza, Italy), therefore HELVI SPA shall not pay any transport costs or expenses (whether from the Buyer's premises to HELVI SPA, or from HELVI SPA premises to the Buyer's) which shall be at the Buyer's charge. At the discretion of HELVI SPA, foreign customers may be exempt from returning defective Products if the cost of transportation is excessive.

WARRANTY REPAIR

In the event that a product failure occurs within the warranty period, please contact your nearest authorized dealer or service center (www.helvi.com). At its discretion, HELVI SPA can send spare parts free of charge to the nearest service center to carry out the repair, only after checking with the Helvi Service, who can authorize the repair or not.

Art 11 Online E-Commerce and use of company logos.

HELVI SPA does not authorize its dealers to promote or sell their products on any online sales platform or website, unless agreed between both parties. The use of registered trademarks without the authorization expressed by HELVI SPA commits a criminal offense sanctioned by the Italian and European legal system (or by the country in which the crime was committed) and as such is punishable by the competent judicial police authorities and punished with the penalties provided for this offense.

Art 12 Applicable laws – Jurisdiction.

These general terms and conditions and any contract made hereunder with HELVI SPA shall be construed and interpreted in accordance with the substantive laws of Italy. The competent law Court of Vicenza, ITALY, shall have exclusive jurisdiction in any action arising of or in connection with these terms and condition or any contract made with HELVI SPA. However as an exception to the principle hereabove, HELVI SPA is in any case entitled to bring its action before the competent court of the place where the Buyer has its registered office. The United Nations Conventions for the International Sale of Goods does not apply to any supply of Products made by HELVI SPA to any Buyer.
